**California High School Proficiency Exam (CHSPE)** is highly recommended prior to qualifying for graduation.

It is also recommended that each family contact the college or university of your choosing while in the 10<sup>th</sup> grade to determine any other coursework that is required for college admission. This is the responsibility of the parent/student to determine this. The above list is the Regina Caeli Academy graduation requirement and is not necessarily the complete requirement for admission to a four year college. If your going to take a more vocational High School track, please contact Director for a High School plan which would have reduced credit requirements for certain courses.
